Keynote: Up the Rabbit Hole: Escaping the Matrix of Your Mind

When I say up, do you say down? When I say left, do you say right? Why are we always initially oppositional to our fellow humans? Laugh, learn and be enlightened. Discover how and why we humans are stuck in patterns and mindsets that we don't realize run our lives and repeat repeatedly. And how those blind spots affect our relationships, work and the children we are committed to. Feel mental and physical stress leave your body as you have multiple "Ah-HA" moments. All you have to do is choose.

Morning Session: Take Your Power Back!

This workshop has received the highest praises from the educational world as being revolutionary and thought provoking in teaching effective behavior management strategies. Learn how to quickly stop negative behaviors before they happen. Become aware of the ways that we mis-communicate to children. Walk away empowered and excited to use these strategies.

Afternoon Session 1: Yogarate

Yoga and Martial arts blended into one age appropriate experience. Participants discover a new way to effectively communicate with fellow teachers, parents and children for the best possible results. Educators learn effective behavior modification skills to transform their most challenging children.

Afternoon Session 2: Body & Mind

Teachers love the results and the way they feel after this workshop is over. Ron does this by showing them how to: Strengthen their bodies. Relieve pain that could affect their teaching. Avoid reacting to various high-stress situations.
